

About EuroEngineerJobs

EuroEngineerJobs is the leading recruitment medium for a highly-qualified and targeted audience of international engineering experts across Europe.

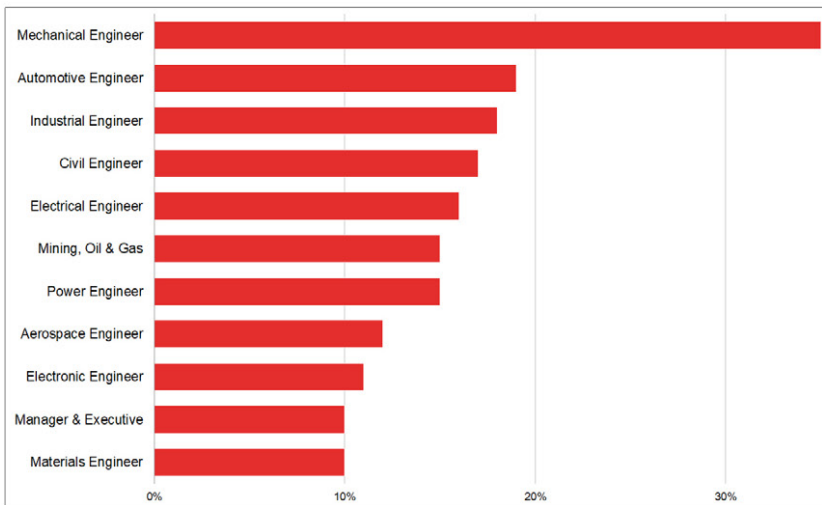

Since its launch, the site has grown rapidly, and now attracts an extensive audience of specialised jobseekers.

EuroEngineerJobs caters to expert engineering professionals, who want to work in Aerospace, Automotive, Mechanical, Electrical, Civil, Chemical and Power Engineering companies all over Europe.

37% of our users have master degrees and/or PhDs in the engineering field. Our mobile jobseekers come from all over Europe and 97% are willing to relocate.

EuroEngineerJobs Audience

- ★ 20'000 monthly sessions
- ★ 60'000 monthly page views
- ★ Around 13'000 newsletter subscribers
- ★ Over 25'000 individual Job Alerts sent each week
- ★ Around 4'000 Facebook followers

★ For the full list see the [EuroEngineerJobs Recruiter page](#).

Testimonials

"I often advise multinationals within High Tech, Chemical and Manufacturing industries to use EuroEngineerJobs to source highly qualified engineers. I've successfully used EuroEngineerJobs for positions such as Process Safety Engineer, Support Engineer, Chemical Engineer and Lean Engineer. Despite complex job profiles and the scarcity of the target audience we were able to generate good resumes."
Senior Consultant, VONQ Online media company
