JOB ADVERT CHECKLIST

Check that your advert covers all the below items before you post your job advert, to get the basics right. If you have time, read our other guides to ensure you attract the right candidate.

JOB DESCRIPTION

- Short description of business/organisation, and division activity, market position and aims
- To whom the position reports - or other indication of where the role is in the organisation
- Outline of job role and purpose - set up in a list of points if possible
- Indication of size, responsibility, timescale, and territory of role
- List of firm requirements for the job (as bullets)
- Outline of ideal candidate profile
- A separate list of other skills that would be advantageous to have
- Indication of qualifications and experience required
- Salary range
- Other package details (pension, car etc.)
- Career advancement opportunities
- Equipment and systems to be used in the performance of the job, if necessary

JOB ADVERT ESSENTIALS

- Precise job title
- Name of employer (or recruitment agency)
- Job location
- Whether the role is full-time, permanent or a short-term contract
- Publishing date and application deadline
- Job and advert reference number if necessary
- Have clear text, layout, and a professional image
- Branding should be present but not overbearing

RESPONSE AND OTHER INFORMATION

- Response and application instructions
- Explanation of recruitment process
- Perhaps interview dates
- Contact details as necessary
- Equal opportunities statements

- Multilingual with English as the most common language

What our Clients Say

"Advertising on EuroEngineerJobs allows us to target a key audience that is in demand by many of our clients. We've run extensive campaigns including Job Ads, Website Banners and Newsletter Adverts to great effect. We're always very happy with the service and the site provides good return on investment too!"

- Tim Suggitt, International Sales Director, Aktor Interactive

"I often advise multinationals within High Tech, Chemical and Manufacturing industries to use EuroEngineerJobs to source highly qualified engineers. During the past 6 months I've successfully used EuroEngineerJobs for positions such as Process Safety Engineer, Support Engineer, Chemical Engineer and Lean Engineer. Despite complex job profiles and the scarcity of the target audience we were able to generate good resumes."

- Senior Consultant, VONQ - Online media company
